

WISDOM IN YOUR LIFE
Psychological and Aboriginal Ways

MISSION AUSTRALIA | together we stand

One-day Women's Healing

You are the only one that can heal your emotional/mental well-being. No one else can do it for you. Using a psychological framework, we will show you a process of healing through traditional Aboriginal ways using art, music, story, dance and language.

When people are shattered, flat or frail they take energy from the family or community (sometimes by alcohol, drugs, gambling and violence). They also find it hard to connect with family or culture. When people are healthy or robust they are connected. Whether you, your family or your community need healing, this one-day event is for you.

WISDOM in your Life Presenters:

Storm Motohata – Storm is from the Kimberley region of WA and grew up living and learning off the land for much of her childhood.

Shaun Nannup – Shaun has family connections throughout Western Australia and has been learning from Elders on country for over 35 years. His work in such areas as mentoring, leadership and healing are highly referred and respected, within both Indigenous and mainstream communities.
