QUALITY OF LIFE SERVICES

## Sodexo is looking to start a new VTEC program in October 2017.

### What is a VTEC

VTECs connect Indigenous job seekers with guaranteed jobs and bring together the support services necessary to prepare job seekers for long term employment. The guarantee of a job before job-specific training starts is the key feature of VTECs. It ensures:

- ✓ vocational or job-specific training is directly related to available jobs
- ✓ employers can recruit Indigenous job seekers with the right skills for specific jobs
- ✓ job seekers are responsible for opting into available jobs
- ✓ the commitment of job seekers is rewarded with guaranteed employment

**Sodexo** is seeking candidates from local regional areas who are living in Perth and looking for full time employment. Candidates must be able to commit to the following program:

#### **VTEC Program**

6 weeks TAFE based training Cert II/III Hospitality.

6 weeks on the job training (on a remote site)

All candidates who successfully complete the above program will then be eligible for a full time position within Sodexo in one of the roles listed below.

- Domestic Cleaner
- Industrial Cleaner
- Kitchen Hand
- Dining Room Attendant
- Utilities/Maintenance/Gardener
- Bus Driver (HR Licence + F Class endorsement required)
- Bar Staff (RSA required)

***Please note all positions require an element of cleaning.***
